Sister and Mr. Day would like to take a minute to thank everyone for their hard work during Catholic Schools Week. We had many opportunities to give back to our community while participating in the many activities planned throughout the week. We would like to thank the Catholic Schools Week Committee for their hard work on making Catholic Schools Week memorable and a huge success. First, we would like to recognize all students in grades K-8 for raising money for Riley Hospital by bringing in \$1 for movie day. We had over \$340 raised through that project alone. Next, we would like to recognize K-2 for their hard work on a craft that was presented to those over at University across the street. From what we understand, students made their day with their smiles, their presence and their craft. Next, we have our 3rd and 4th grade students start the process of raising money as a part of the St. Jude Math-a-Thon and we hear things are going really well at this point and encourage the 3rd and 4th grade to keep raising money for such a great cause. We normally raise about \$5,000 through this project, so we look forward to the final amount. Finally, we would like to recognize our 5th – 8th grade students on the success of the Penny War among homerooms that recently took place. Through this project and the hard work of the students and staff, we were able to raise \$2,343.46 for St. Vincent de Paul. We are very proud of all students and staff for their generosity throughout the week. One of the big goals of Catholic Schools Week is Service and when we come together for a common goal, we can accomplish great things for our community.
