SCATA SUMMER TENNIS CAMP PROGRAM

June 5– July 14, 2017

GET WITH THE PROGRAM!

Rare is the tennis natural. It's not unlike learning a language or a musical instrument; the learning curve is steep, but it feels great when you master new skills. It's complex in that you'll only occasionally feel like you've got a handle on it! AND what a wonderful thing that is – to pursue a hobby that can never be mastered! Imagine you'll never get bored. It challenges you in many ways. In the end (actually there is no end) you possess a sports skill that you can play until you're so old that you can barely cover half of the court! But you're still competing and having fun!
